12.	State Issues Evaluation Notice <u>and</u> Opens RFP Files for Public Inspection	9:00 a.m.	December 19, 2006	CONFIRMED
13.	Contract Signing		January 3, 2007	CONFIRMED
14.	Contract Signature Deadline		January 10, 2007	CONFIRMED
15.	Contract Start Date		May 1, 2007	CONFIRMED

B. The following State responses to the questions detailed shall amend or clarify this RFP accordingly.

	QUESTION/COMMENT	STATE RESPONSE
rest (RFI	e: in the questions that follow, any vendor's atement of the text of the Request for Proposals P) is for reference purposes only and shall not be strued to change the original RFP wording.	
1.	The RFP indicates that the vendor must have multiple DR sites. [Vendor] does have this except that our mainframe support is all done at one site. Would this make us non compliant to the RFP?	Based on the requirements of the RFP, the Proposer would be non compliant if multiple sites were not proposed for all environments. If a major event occurred, that one site could be flooded with clients. We <u>must</u> have backup Disaster Recovery Hot sites.
		Please see the following RFP sections:
		RFP Section 3.2.6 - "The State may determine a proposal to be non-responsive and reject it if the Technical Proposal document fails to appropriately address/meet all of the requirements detailed in the Technical Proposal and Evaluation Guide."
		Attachment 6.2, Item 1 – "This proposal constitutes a commitment to provide all services as defined in the RFP Attachment 6.1, Pro Forma Contract Scope of Services for the total contract period and confirmation that the Proposer shall comply with all of the provisions in this RFP and shall accept all terms and conditions set out in the RFP Attachment 6.1, Pro Forma Contract."
2.	[Vendor] utilizes third party companies for print services. Would this make us non compliant to the RFP?	The use of subcontractors does not indicate non compliance. Please see the subcontracting terms and conditions outlined in RFP Section 4.6.
3.	After reviewing the RFP (317.03-150) Disaster Recovery Service. We find that there is an amendment that does not fit our business model.	[1] The State is not sure what is meant by "amendment"; however, the requirements are not mutually exclusive.
	[1] Are all amendment / part of the RFP mutually exclusive?	[2] The Proposer cannot "no-bid" a required area within the RFP.
	[2] Can we no-bid an area or will this disqualify our	Please see the following RFP sections:
	bid?	RFP Section 3.2.6 - "The State may determine a proposal to be non-responsive and reject it if the Technical Proposal document fails to appropriately address/meet all of the requirements detailed in the Technical Proposal and Evaluation Guide."
		RFP Attachment 6.2, Item 1 – "This proposal constitutes a commitment to provide all services as defined in the RFP Attachment 6.1, Pro Forma Contract Scope of Services for the total contract period and confirmation that the Proposer shall comply with all of the provisions in this RFP and shall accept all terms and conditions set out in the RFP Attachment 6.1, Pro Forma Contract."
4.	RFP Section 4.6, Page 11 Assignment and Subcontracting	The State does not agree to revert to the terms of any previous contract.
	Assignment and Subcontracting	Each RFP process is a stand-alone procurement.

[VENDOR] respectfully takes exception to this section and requests that we be allowed to use the terms we have for assignment and subcontracting in the current contract [NUMBER] between State of TN, Department of Finance and Administration and [VENDOR] which are different than those stated.

Language approved in previous contracts does not automatically qualify for future use in subsequent RFP/Contract terms and conditions.

5. RFP Section 4.7, Page 12

Right to Refuse Personnel

"At its sole discretion, the State reserves the right to refuse any personnel, of the prime contractor or a subcontractor, for use in the performance of a contract pursuant to this RFP."

[VENDOR] respectfully takes exception to this requirement due to that fact that such restriction could preclude or delay [VENDOR] in providing recovery services to the State.

Regardless of circumstances, the State must retain the right to approve personnel.

In the case of a widespread disaster, the State would act in its' best interest to avoid delays and would expedite the approval process for prime contractor and subcontractor personnel. In such a case, the approval could take various forms, including, but not limited to, emails or faxes.

6. RFP Section 4.10, Page 12

Service Location and Work Space

The service pursuant to this RFP is to be performed, completed, managed, and delivered as detailed in the RFP Attachment 6.1, Pro Forma Contract. Work space on the State's premises may be available for contractor use in accordance with the pro forma contract or at the State's discretion. Any work performed on the State's premises shall be completed during the State's standard business hours.

All work performed pursuant to providing recovery services to the State will be performed at the [VENDOR] recovery site.

The State agrees the actual "recovery" effort would be performed at the vendor recovery site.

RFP Section 4.10 allows that workspace "may" be available in the event State facilities are needed.

7. RFP Section 4.17, Page 12

Contract Payments: This section, in conjunction with RFP Attachment 6.1, Pro Forma Contract, Section C, addresses how payment shall be made by the State to [VENDOR]. In addition, this section supplements the Pro Forma Contract by stipulating that: "... Under no conditions shall the State be liable for payment of any type associated with the contract or responsible for any work done by the Contractor, even work done in good faith and even if the Contractor is orally directed to proceed with the delivery of services, if it occurs before contract approval by State officials as required by applicable statutes and rules of the State of Tennessee or before the contract start date or after the contract end date specified by the contract."

[VENDOR] respectfully takes exception to this requirement and requests that we use the payment terms stipulated in the current contract [NUMBER] between State of TN Department of Finance and Administration and [VENDOR].

The State does not agree to revise the specific language identified.

According to Rule 0620-3-3.07b, Authorization To Begin Work, "No state official or employee, except the F&A Commissioner, may authorize a contractor to commence service before the subject contract is properly approved."

A contract is not deemed to be "properly approved" until it has received all signatures that appear on the pro forma contract signatures page.

Also, please see #4 above.

8. RFP Section 4.18, Page 12

The State must inspect, evaluate and accept all work

by the Vendor. Contractor Performance: This section stipulates that In case of a widespread disaster necessitatingAll work is subject to inspection, evaluation, and recovery services, the State would act in its' best acceptance by the State." interest to avoid delays. [VENDOR] respectfully takes exception to this requirement due to that fact that such restriction could preclude or delay [VENDOR] in providing recovery services to the State. RFP Section 5.3.4, Page 16 The State does not agree to revise RFP Section 9. 5.3.4. The language will stand as is. The Proposer with the apparent best-evaluated Please see #4 above. proposal must agree to and sign a contract with the State which shall be substantially the same as the RFP Attachment 6.1, Pro Forma Contract. However, the State reserves the right, at its sole discretion, to add terms and conditions or to revise pro forma contract requirements in the State's best interests subsequent to this RFP process. No such terms and conditions or revision of contract requirements shall materially affect the basis of proposal evaluations or negatively impact the competitive nature of the RFP process. [VENDOR] respectfully takes exception to the first paragraph of this requirement and requests that we be allowed to use the terms stipulated in the current contract [NUMBER] between State of TN Department of Finance and Administration and [VENDOR]. 10. RFP Attachment 6.1 Pro Forma, Page 17 Please see #4 above. [VENDOR] respectfully takes exception to this entire section and requests that we be allowed to use the terms stipulated in the current contract [NUMBER] between State of TN Department of Finance and Administration and [VENDOR]. [1] The Tennessee Information Resources 11. Contract Attachment G, Page 48 Architecture has been available since the RFP was Tennessee Information Resources Architecture published. [1] Unless we know that this is OK, we should object. Please see RFP Section 1.1.1 for instructions on We are agreeing to contract attachments site obtaining a copy of the Architecture. unseen. [2] The purpose of including the Architecture in the contract is to make the Proposer aware of the State's Infrastructure in relation to the configuration and [2] [VENDOR] respectfully takes exception to this environment requirements of the RFP/contract. entire attachment and requests clarification on the purpose of this document and why this document is to be included as part of the final contract. The State cannot agree to omit Item 1 of Attachment 12. RFP Attachment 6.2, Page 50 6.2. Item 1) This proposal constitutes a commitment to provide all services as defined in the RFP RFP Section 5.3.4 states, "The Proposer with the Attachment 6.1, Pro Forma Contract Scope of apparent best-evaluated proposal must agree to and Services for the total contract period and sign a contract with the State which shall be confirmation that the Proposer shall comply with all substantially the same as the RFP Attachment 6.1, of the provisions in this RFP and shall accept all Pro Forma Contract. terms and conditions set out in the RFP Attachment

6.1, Pro Forma Contract.

[VENDOR] respectfully takes exception to this attachment and requests that we be allowed to use the terms stipulated in the current contract [NUMBER] between State of TN Department of Finance and Administration and [VENDOR].

However, the State reserves the right, at its sole discretion, to add terms and conditions or to revise *pro forma* contract requirements in the State's best interests subsequent to this RFP process. No such terms and conditions or revision of contract requirements shall materially affect the basis of proposal evaluations or negatively impact the competitive nature of the RFP process."

By signing the Proposal Transmittal and Statement of Certifications and Assurances, the Proposer confirms that it "shall comply with all of the provisions in the subject RFP and shall accept all terms and conditions set out in the RFP Attachment 6.1, *Pro Forma* Contract."

Please refer also to RFP Attachment 6.3, Section A, Mandatory Requirements, Item A.1: "Each Proposer must sign the Proposal Transmittal and Statement of Certifications and Assurances without exception or qualification."

Please see #4 above.

13. RFP Attachment 6.3, Section B, Page 53

Organizational Support and Experience: Item B.11 stipulates that the Proposer must "...Provide a personnel roster and resumes of key people who shall be assigned by the Proposer to perform duties or services under the contract (include estimated number of hours to be worked on the contract for each person, and the resumes shall detail each individual's title, education, current position with the Proposer, and employment history) as well as an organizational chart highlighting the key people who shall be assigned to accomplish the work required by this RFP and illustrating the lines of authority and designate the individual responsible for the completion of each service component and deliverable of the RFP.

[VENDOR] respectfully takes exception to this requirement. It will be difficult for [VENDOR] to comply with this requirement since due to the length of time between proposal submittal and award, it is difficult to precisely predict the availability, and ultimate assignment, of specific personnel.

The State has amended the section.

Please see Item C. below for revised language.

14. RFP Attachment 6.3, Section B, Page 53

B.12 Provide a statement of whether the Proposer intends to use subcontractors, and if so, the names and mailing addresses of the committed subcontractors and a description of the scope and portions of the work the subcontractors will perform.

[VENDOR] respectfully takes exception to this requirement. [VENDOR] intends to utilize a subcontractor to provide print/mail recovery for the State and tape handling to support optional services

The State's signature on the pro forma contract will constitute the State's approval of the subcontractors submitted in the Proposer's proposal in RFP Attachment 6.3, Item B.12.

The State understands that the name of the subcontractor may change during or after contract signing. If this occurs, the Proposer is required to submit a written request for approval of the new subcontractor. The written request may be on a company letterhead, email, or fax. The State will

requested by the State. Subcontractors used for tape then respond in writing indicating whether or not the subcontractor is approved. Please see RFP Section handling may be subject to change during the term of the agreement and [VENDOR] is not able to identify 4.6. potential additional subcontractors who may be utilized at this time. RFP Section 4.6, Page 11 The State has amended the section. 15. With the intent to avoid any possible project delay or Please see Item D. below for revised language. negative impact, will the State agree to add the following to the end of this Section 4.6. Assigning and Substituting? "The State's written approval of substituted or additional subcontractors shall be prompt and not unreasonably withheld." 16. RFP Section 4.8, Page 11 The State does not agree to revise RFP Section 4.8. The language will stand as is. As it relates to Section 4.8, <u>Insurance</u>, Proposer respectfully requests the State's consideration of inclusion of a statement that Proposer is not required to name the State as an additional insured with respect to Worker's Compensation Insurance. [1] Work is acceptable when it is in full compliance 17. RFP Section 4.18, Page 12 with all terms and conditions stated in the Contract With respect to Section 4.18, Contract Performance, and RFP. [1] what specific criteria will constitute acceptance by the State? [2] As of the date of RFP publication, the persons [2] What is (are) the title(s) of the State employee(s) responsible for overall management and who will be responsible for the overall management administration of the Contract are the same as those and administration of the contract? listed in Contract Section E.2. However, note that this is subject to change at the State's discretion. 18. RFP Attachment 6.3, Section B, Page 52 The State cannot pre-approve a document prior to it being seen. With respect to Items B.4 and B.6, Proposer asks the following: Over the years many of our public sector However, if the company's annual report adequately customers have asked us to provide a profile of provides the required information on pending relevant litigation and investigations, and in response litigation and/or pending Securities Exchange to that request we have provided a reference to Commission investigations, the report should be material litigation and/or investigations as described acceptable. in our company's annual report, and this has been well received. Will this be acceptable to the State as a complete response to Items B.4 and B.6? 19. RFP Attachment 6.3, Section B, Page 53 Please see #13 above. Under Item B.11, there are a number of requests that the Proposer include a contract personnel roster and resumes of key people and an organization chart highlighting the key people who will be assigned to the contract. Due to the length of time between proposal submittal and award, it is difficult to precisely predict the availability, and ultimate assignment of, specific personnel. As such, Proposer respectfully requests that the State consider modifying this requirement such that bidders are required to provide the specific names and resumes of management, supervisory, and key personnel, from which bidder plans to select and support this project, based upon availability at the time of contract award.

B.9 Describe the Proposer organization's number of employees, client base, and location of offices. B.10 Provide a narrative description of the proposed project team, its members, and organizational structure. B.11 Provide a personnel roster and resumes of key people who shall be assigned by the Proposer to perform duties or services under the contract (include estimated number of hours to be worked on the contract for each person, and the resumes shall detail each individual's title, education, current position with the Proposer, and employment history) as well as an organizational chart highlighting the key people who shall be assigned to accomplish the work required by this RFP and illustrating the lines of authority and designate the individual responsible for the completion of each service component and deliverable of the RFP. NOTE: Due to the length of time between the proposal submission and the Contract Start Date, the State realizes that the personnel submitted may not be available at the time of the Contract Start Date. If at the Contract Start Date the key personnel have changed, the Proposer must provide a substitution with equal or greater qualifications. B.12 Provide a statement of whether the Proposer intends to use subcontractors, and if so, the names and mailing addresses of the committed subcontractors will perform. B.13 Provide documentation of Proposer commitment to diversity as represented by its business strategy, business relationships, and workforce — this documentation should detail:	B.7

<u> </u>		 a description of the Proposer's existing programs and procedures designed to

encourage and foster commerce with business enterprises owned by minorities, women, persons with a disability and small business enterprises

- a listing of the Proposer's current contracts with business enterprises owned by minorities, women, persons with a disability and small business enterprises, including the following information
 - contract description and total value
 - contractor name and ownership characteristics (i.e., ethnicity, sex, disability)
 - o contractor contact and telephone number
- an estimate of the level of participation by business enterprises owned by minorities, women, persons with a disability and small business enterprises in a contract awarded to the Proposer pursuant to this RFP, including the following information:
 - participation estimate (expressed as a percent of the total contract value that will be dedicated to business with subcontractors and supply contractors having such ownership characteristics)
 - descriptions of anticipated contracts
 - names and ownership characteristics (*i.e.*, ethnicity, sex, disability)
 of anticipated subcontractors and supply contractors anticipated
- the percent of the Proposer's total current employees by ethnicity, sex, and disability

Proposers that demonstrate a commitment to diversity will advance State efforts to expand opportunity to do business with the State as contractors and sub-contractors. Proposal evaluations will recognize the positive qualifications and experience of a Proposer that does business with enterprises owned by minorities, women, persons with a disability and small business enterprises and that offers a diverse workforce to meet service needs.

B.14 Provide customer references for similar projects representing three currently serviced accounts of equivalent or greater size in equipment and complexity. If the Proposer has fewer than three current accounts, provide customer references for previously completed projects to bring the total to three references provided.

The references shall be provided to the State in the form of questionnaires that have been fully completed by the individual providing the reference. The State has included the reference check questionnaire to be used, as RFP Attachment 6.6. THE PROPOSER MUST USE THIS FORM, OR AN EXACT DUPLICATE THEREOF.

The Proposer will be <u>solely</u> responsible for obtaining the fully completed reference check questionnaires, and for including them within the Proposer's sealed Technical Proposal. In order to obtain and submit the completed reference check questionnaire, the Proposer shall follow the process detailed below exactly:

- Proposer makes an exact duplicate of the State's form, as it appears in RFP Attachment 6.6:
- 2. Proposer sends the copy of the form to the reference it has chosen, along with a new, standard #10 envelope;
- 3. Proposer directs the person providing the reference check feedback to complete the form in its entirety, sign and date it, and seal it within the provided envelope. The person may prepare a manual document or complete the exact duplicate

Word document and print the completed copy for submission. After sealing the envelope, the person providing the reference <u>must sign his or her name in ink</u> <u>across the sealed portion of the envelope</u> and return it directly to the Proposer. The Proposer will give the reference check provider a deadline, such that the Proposer will be able to collect all references in time to include them within its sealed Technical Proposal.

- 4. When the Proposer receives the sealed envelopes from the reference check providers, the Proposer <u>will not open</u> them. Instead, the Proposer will enclose all of the unopened reference check envelopes, in an easily identifiable larger envelope, and will include this envelope as a part of the written Technical Proposal. Therefore, when the State opens the Technical Proposal box, the State will find a clearly labeled envelope enclosed, which contains all of the sealed reference check envelopes.
- The State will base its reference check evaluation on the contents of these envelopes. <u>THE STATE WILL NOT ACCEPT LATE REFERENCES OR</u> <u>REFERENCES SUBMITTED THROUGH ANY OTHER CHANNEL OF</u> <u>SUBMISSION OR MEDIUM, WHETHER WRITTEN, ELECTRONIC, VERBAL,</u> OR OTHERWISE.

Each reference must include:

- the Proposer's name;
- the Reference's Organization name;
- the Name of the person responding;
- the Title of person responding; and
- the Date the reference form was completed.

Each evaluator will generally consider the results of reference inquiries by the State regarding <u>all</u> references provided.

(Maximum Section B Score = 30)

SCORE (for all Section B items above, B.1 through B.14):

- D. Delete RFP Section 4.6.2 in its entirety and replace it with the following:
 - 4.6.2 A subcontractor may only be substituted for a proposed subcontractor at the discretion of the State and with the State's prior, written approval. The State's written approval of substituted or additional subcontractors will not be unreasonably withheld.
- E. Delete Pro Forma Contract Section A.13.9 in its entirety and replace it with the following:
 - A.13.9. The Contractor must provide optional capability for real time data replication with contracted SAN technology. Pricing must be based on monthly storage used.
- F. Delete Pro Forma Contract Section A.14.9 in its entirety and replace it with the following:
 - A.14.9. The Contractor must provide optional capability for real time data replication with contracted SAN technology. Pricing must be based on monthly storage used.

- G. Delete Pro Forma Contract Section A.15.9 in its entirety and replace it with the following:
 - A.15.9. The Contractor must provide optional capability for real time data replication with contracted SAN technology. Pricing must be based on monthly storage used.
- H. Delete RFP Attachment 6.3, Technical Proposal & Evaluation Guide, Section C Technical Approach in its entirety and replace it with the following:
